

ACCURATE STRIPING

Asphalt, Fabric, & Engineering Inc. (AFEI) has added Accurate Striping Services to its portfolio of skilled asphalt & concrete pavement specialties. AFEI is committed to providing rapid, reliable, & affordable line striping services to greatly enhance the appearance, safety, functionality & flow of your property. Maintaining road & parking area striping is the most cost effective way to significantly improve the overall appearance and “curb appeal” of your pavement. Professionally marked pavement will promote a sense of safety & functionality by clearly guiding & optimizing the flow of traffic thereby reducing accidents & liability.

AFEI specializes in road & parking lot striping, marking, line & curb painting, pavement stencils, fire lane compliance, & Americans with Disabilities Act (ADA) compliance. We offer new construction layout striping, maintenance, re-striping of existing parking areas, & line removal services.

The goal of AFEI is to provide customers with the best service & workmanship the pavement industry has to offer. Our experienced, fully bonded & insured in-house technicians utilize state-of-the-art equipment and materials to produce consistent, superior results.
